

## Italian Citizenship Services (In-Italy)

### **COMPLETE DOCUMENTATION PREPARATION PACKAGE**

The document preparation package enables you to sit back and relax while we handle everything necessary to get your documentation ready. This is a popular option for the busy professional who has little time to work on their documentation!

The fee for the document preparation package does not include out-of-pocket fees, which can include, but is not limited to, document fees and apostille fees. Clients will be invoiced for any out-of-pocket fees once per month. Client agrees to pay such fees within 15 days of the receipt of the invoice. In the initial stages of the document preparation, please be aware that monthly expenses are normally higher. Depending on the jurisdiction which issues your documents, your signature may be needed on document applications or on a limited power of attorney, authorizing us to order documents on your behalf.

If it is determined that a document needs to be amended so that your citizenship application is successful (and legal assistance is required), then any legal and court fees are the client's responsibility.

If a document is needed from a country other than Italy or the U.S., it may be necessary to subcontract a local researcher to acquire the document. The fees for said subcontracting would be the client's responsibility. If this is necessary, the client shall be informed ahead of time.

The base fee for document preparation is due upfront. If, during the course of gathering your documentation, it is determined that you are not eligible for Italian dual citizenship then the following would apply. The time incurred (at \$95 per hour) would be calculated and any remaining amount would be refunded to the client within 90 days.

**FEE: \$4,000**
